

PDFforge Test Document

Page 1: Use this file to test merge, split, rotate, and encrypt tools.

Chapter 1 — Contracts

This page simulates a contract section.

Teams use PDFforge to combine contract addenda.

Chapter 2 — Invoices

This page simulates invoice pages.
Split this page range to extract invoices.

Chapter 3 — Reports

This page simulates a quarterly report.
Rotate it to test orientation fixing.

Appendix — Security

Encrypt this file with a password to test security workflows.
